Mineral Extraction Lease P.R.C. 1500.1 was issued to Schultz Investment Company on March 31, 1955, for a period of 20 years. The lease, covering approximately 30 acres of submerged lands in the bed of Corte Madera Canal, Marin County, was issued pursuant to competitive public bidding.

An application has been received from the Marin County Flood Control and Conservation District requesting approval of the assignment of that portion of the area of P.R.C. 1500.1 which is included in the Corte Madera Flood Control dredging permit (P.R.C. 3486.1), and the modification of Dredging Permit P.R.C. 3486.1 to exclude those areas included in P.R.C. 1500.1.

Section 5 of Lease P.R.C. 1500.1 requires that the lessee shall not transfer nor assign this lease, except upon the prior written consent of the State Lands Commission. The applicant has submitted a letter stating that Schultz Investment Company is willing to assign the above area to the Marin County Flood Control and Conservation District. The statutory \$5 filing fee has been paid by the applicant.
